

# Lathe Training

A full set of instructions can be found on the Hackspace Wiki ([https://york.hackspace.org.uk/wiki/Equipment/Mini\\_Lathe](https://york.hackspace.org.uk/wiki/Equipment/Mini_Lathe)), which explains both the safety and operational points in some level of detail.

Training item	Signature	Signature
General Safety		
Fitting the chuck		
Holding work pieces		
Tool holders and tool height		
Turning - Shoulders, tapers and facing		
Parting		
Cleaning the Lathe		
In Emergency – Pull the plug		

I will accept responsibility for any damage caused to the lathe when I am using, or supervising someone else.

I agree to pay for repairs to the lathe if I am responsible for damaging it in any way, either in part or in full, depending upon the circumstances (at the discretion of the trustees).
